HEREFORD SIRE DIRECTORY

FERTILITY STRUCTURE DOCILITY PERFORMANCE LONGEVITY
ADAPTABILITY INTEGRITY CUSTOMER SATISFACTION

Dear Breeders,

Change seems to be the only constant right now and the past 2 years have seen many records broken for the Australian and New Zealand Beef Industries. With new heights rewarding the breeders that have persisted with their hard work.

Genetic Choice New Zealand is now in its sixth year, having weathered many challenges with the support of breeder clients. Thank you all.

Our Sire Selection for the 2022 season is rock solid with not too many surprises and no less than 2 Super Sires. Yes, Matty and Robert Redford are still breed leading and balanced in their traits!

We are proud to announce that we have developed a closer business relationship with Genus ABS and are pleased to be their sole beef distributor in New Zealand.

We would like to thank you for considering GCNZ for your 2022 breeding season!
Our passion is giving you choice!

Best wishes,

Ben & Robyn Jakschik

TARCOMBE MCLAREN Q203

B BALANCED

 CALVING EASE

 GROWTH

 FINISHING

Phase 1 Herefords Australia Super Sire

This homozygous polled sire comes from the elite female Tarcombe Last Day M174 who has already produced maternal brother P117 selling for \$15,000 at the Wodonga National Show and Sale in 2020.

McLaren Q203 offers a well-rounded phenotypic package that exudes sire appeal. His natural thickness, muscling, body depth, length and skin type makes him a must-have sire option for any breeding program.

Low birth, short gestation, easy calving and carcass to burn. Q203 offers 12 traits in the top 10% of the breed.

INJEMIRA ROBERT REDFORD Q287

B BALANCED

 CALVING EASE

 GROWTH

 FINISHING

Sold at the Injemira 2021 auction to the syndicate formed by ABS Australia for a new Australian record price of \$160,000.

Extremely rare phenotypic and EBV combination perfectly suited to any seedstock or commercial production system.

Faultless performance data – low birth, high growth, tremendous carcass and superb docility.

Phenotypically exquisite, packed with red meat and offering incredible thickness, length, bone and muscle capacity.

WIRRUNA MATTY M288

B BALANCED

 CALVING EASE

 GROWTH

 FINISHING

Matty's prominent pedigree, genotype and phenotype combination makes him a valuable option that can advance strategically focused, progressive breeding programs both from a commercial and seedstock aspect.

This benchmarking sire has versatile, balanced data with top end calving ease, high growth and a carcass profile suitable for producing the high-quality beef that the industry demands.

Progeny reports are exceeding the expectations of the commercial and seedstock industry.

GLENBRAE NORTON 1716

B BALANCED

 CALVING EASE

 GROWTH

 FINISHING

Glenbrae Norton 1716 topped the 2019 PGG Wrightson Livestock National Show and Sale.

His overall balance, eye appeal, dark cherry red coat and thickness make him a standout.

Exhibiting great muscle shape and body dimension with soundness of structure.

Look to Glenbrae Norton for consistency and a good spread of calving ease, growth, short gestation, DTC, fats and IMF.

EFBEEF BR VALIDATED

T TERMINAL

 CALVING EASE

 GROWTH

 FINISHING

Validated sets the standard for carcass merit ranking #1 among proven sires for Marbling and in the top 50 for REA. No other Hereford bull comes close to that combination. He combines these traits with curve-bending spread between birth and yearling.

Validated matches growth and carcass with outstanding maternal traits. He's in the top echelon for sustained cow fertility, udder quality and all the Index's while backed by a top-producing, good-uddered daughter of GENEX legend Revolution.

He is an outcross homozygous polled option for most GENEX pedigrees.
